## 4<sup>th</sup> Avenue

**4<sup>th</sup> Avenue are one of the UK's most popular vocal harmony groups and have really made a impact since forming just a couple of years ago.**

Based in the Midlands and made up of four friends who have a combined 50 years of experience touring the UK and Europe. They decided to combine their talents to create something special with 4<sup>th</sup> Avenue. With sell-out shows everywhere they go, it was a good call.

Compared by many to The Overtones, due to their vocal range, slick routines and great cover versions of classic songs, they provide shows for every occasion. The greatest hits show is made up of the best songs from 5 decades with artists such as The Four Tops, The Temptations, Frankie Valli and many more.

The show is perfect for any occasion, weddings, parties, cruise ship and indeed anywhere there's a stage. The show is also available with professional dancers and/or an 8-piece live band.
