

Amazing Faith – Big Beat Entertainment

Amazing Faith captivates her audiences with a mix of Hollywood glamour, designer gowns, classic vintage style and her true representation of Paloma's incredible stage presence.

Paula puts her heart and soul into every appearance and achieves authenticity by combining her extraordinary vocal skills and visually stunning costumes.

A tribute act in the truest sense, she is able to enthrall and entertain at all types of functions, whether she works a birthday party or a company conference.

Amazing Faith was UK's 1st tribute to Paloma Faith, was created in 2012 and is more than a mimic. Paula is as petite and quirky as the lady herself, with her stage presence, humour and vocals to easily match.
