...in tribute to Dire Straits

6 world class, super fan, musicians re-create the un-mistakable Dire Straits sound featuring Mark Knopfler tribute David Knight who has mastered Knopfler's signature playing style.

Not wanting to produce a tribute show that's 'cheesy' or 'caricaturish' - this authentic band raises the bar for 'tributes shows', delivering a highly polished and musically accurate set that takes audiences back to their days of enjoying the band for the first time.

They have performed across the UK and Europe in hotels, theatres, weddings, corporate events, music venues, festivals and holiday parks. The band don't play in social clubs and pubs.
