

# Dolly Parton Tribute with Kennedy Caitlin – Big Beat Entertainment

Just like Dolly, Kennedy is a real little pocket rocket.

Having appeared on Stars in their Eyes, Kennedy has now performed her tribute for about 5 years. She has been wowing her audiences with her attention to detail, replica costumes and instruments. She says she wants her audience to believe that Dolly is in the room with them.

Covering all the classic hits Kennedy provides a very entertaining show and loves audience involvement.

A great show suitable for all kinds of events and venues. The first part of the show is the tribute and then a party set, showcasing Kennedy's talent.
