

El Loco – Big Beat Entertainment

El Loco combines the art of comedy and mime, what follows is a comedy show unlike anything you will have ever witnessed before. He now has 2 shows available – The Dentist Chair and Radio Grand Café.

The Dentist Chair

Set around a bizarre dentist chair and a radio the plays over 300 snippets of music, voice over's and sound effects from the past 50 years, El Loco interacts with every single one them. This show is small enough to fit into any venue, yet big enough to play to a 2,000 capacity theatre audience. The show is portable enough to travel to Marrakech for one night and compact enough to perform on a River Thames cruiser through London.

Radio Grand Café

Launched in 2019, the theme of the new show is set around a bistro table, Art Deco radio and a very forgetful comedy waiter! Combining the arts of comedy, magic, mime and mayhem!
