

Gary Gobstopper Blue & Unstoppable

— Big Beat Entertainment

A brand new show combining Gary's zany style of comedy, cheeky banter and his take on life's observations with the adult humour you would expect to hear from this hugely popular Chubby GC tribute to Roy Chubby Brown.

In Gary's words "It's a kind of mixture of my Unstoppable variety show and my Chubby show without the suit, helmet and of course the word C***!"

The show has been created to suit adult audiences that want a comedian but not a tribute and want an adult show but not offensive and ultimately a show that can be tailored to suit any event or occasion. It is proving very popular as an after dinner show and sportsmen's evenings. Gary has provided the comedy for fantastic sell out evenings with the biggest stars from the world of boxing including Anthony Joshua, Joe Calzaghe, Ricky Hatton and Frank Bruno.

To make the evening extra special, the show can be booked with a full disco, full lights and effects for an additional fee.

WARNING:- Not for the easily offended.
