

# Hush Hush Waiters - Big Beat Entertainment

**Hiring a Singing Waiter is an emerging trend that is taking the wedding and event industry by storm – the novelty of having a hidden performer amongst the staff or even the guests whom then bursts out into song is very exciting and certainly the talking point of most events.**

The performers are all professional singer/actors who have a wealth of experience in the entertainment industry. They create a 'scenario' that leads to an incredible show with stunning vocals and leading to a party where everyone is up, dancing and having a great time.

Hush Hush Waiters; work as undercover singers during the event dinner or Wedding breakfast and during the food we create a 'scenario', which can be done in multiple ways, that allows us to burst into song and create a fantastic surprise to everyone in the room. This leads into an incredible 35-40 minute show to get the party started with everyone up on their feet, dancing, singing and having a great time.

You can choose to have one, two, three or more performers depending on the size of the event/wedding and your budget. They really focus on what style of music you enjoy and getting that right for you but they guarantee napkin waving, people dancing, singing down the mics and everyone involved. We will provide a full song list so we ensure this is right for your event. You won't be disappointed!
