

Matchbox

— Big Beat Entertainment

If you went to see a band in the 1970's and again now, would you expect the same line up? Probably not, but with Matchbox, that's what you get.

When you book Matchbox, not only will you hear a string of hits such as Rockabilly Rebel, Midnight Dynamos and When you ask about love, but it will be a line up that was performing them in the 1970's.

Since reforming in 1995, the band have been playing live all over Europe, particularly Germany , France, The Netherlands, Spain, Finland and Sweden. They have recorded one album since their 1995 reunion.

For those that love Rock 'n' Roll/ Rockabilly, this is a band you should see.

Sample set list
