

Mister J – Big Beat Entertainment

One man and his guitar bringing you songs from many genres and eras! A great versatile all round entertainer!

Mister J (Nick James) is a popular guitar vocalist who wants to entertain his audience and selects from his huge repertoire to suit them. Whether you want to be up and dancing all night, a more mellow background sound or a mixture with some banter and audience participation, he can do them all.

Nick has always loved music and his first instrument was a trumpet but it's his guitar that is now his favourite. He has had a varied career having been in bands, duos and now solo both in the UK and abroad, including Tenerife and Cyprus. He is also available to do a pure instrumental guitar show, a guitar legends show and a Shadows of Knopfler show mixing the sounds of The Shadows and Dire Straits.
