

# Near Misses

## - Big Beat Entertainment

The creation of Near Misses duo brought together two experienced solo acts with a great deal of experience within the entertainment industry – Vicky & Tom.

Both Vicky and Tom worked for a number of years as team stars within the UK's leading holiday centre industry as well as private parks. This gave them a fantastic training before they launched their own solo careers. They performed in pubs, clubs, and private events before ultimately becoming a couple.

Both have superb voices, bubbly personalities and banter and together with audience interaction, ensures that you will have a great night. Near Misses are a great act whether you want to be up dancing or just sit back and sing along to the songs. With an extensive repertoire from 60's to current chart hits, there's something for everyone to enjoy.

Making it very clear they don't take themselves too seriously, they are ready to start the party and will always leave with a bang!
