"Firstly a massive thanks for performing at our wedding. Everyone commented at how amazed they were by your table magic. Thanks again for your professionalism and hard work. If we need a magician in the future we will definitely be in touch and always recommend you to anyone who asks."

I must again thank you for an excellent evening that I can say was truly enjoyed by everyone you performed for. "It was brilliant!" and "How did he do that?" were the most common statements made by all. We would all be happy to have you back again anytime. I do hope we get the opportunity next year. All the best with everything.
