

# Sarah-Jayne – Big Beat Entertainment

## Sarah-Jayne describes herself as older than 35 but younger than 50!

She has been singing for as long as she can remember and says modestly, it is the only thing she has ever been reasonably good at. She has a varied background including being a headlining redcoat, performing in the West End, providing vocals for corporate events & special occasions. She now enjoys singing in clubs & venues where the crowds are so much fun.

Sarah-Jayne sings all styles of music from 50's to present day and can tailor her set to fit all needs. She has a great personality, loves to have fun with her audience and will be sure to give 100% when performing for your venue.
