

Ska-Waddy

- Big Beat Entertainment

Ska-Waddy are Mark Rider and Natasha Marie, who offer a themed show performing Ska & Reggae music.

Primarily a duo, they also now have a percussionist and drummer on board, so are able to offer the option of going out as a band.

With quality voices and stunning live guitar from Mark, they entertain and involve the audience both singing along and dancing. They have supported well known bands Bad Manners and Trojan Beats.

The band play predominantly around The Midlands and have gathered quite a following. They offer a complete show with a high quality sound system and stage lighting and will play themed background music when not performing.

A perfect act for any themed night or if your customers love this genre of music.
