

Skaliwags - Big Beat Entertainment

Skaliwags recreate the songs from a misspent youth.... Not your average 80's show.

The show aims to take you back to the decade that gave us such a melting pot of styles. From Ska and Two-tone to New Wave and Mod. Steve and Jen will take you on a great alternative 80's duo – you won't hear any cheesy Stock, Aitken & Waterman tunes from this duo.

You will hear everything from Madness, The Selectors, The Pretenders, B52's, Toyah, The Vapours, The Clash and many more.

As a duo, they are able to play most venues from small pubs to larger venues.
