

The Forties Show with Karen West – Big Beat Entertainment

A tribute to the popular sing-a-long songs of the war years.

In this show award-winning singer, Karen West, pays homage to the music that inspired a nation in the two World Wars. Karen wears costumes of the period, either uniform or tea dresses to add the authenticity.

This is a perfect act for themed events and remembrance day tributes. As a solo artist, she is suitable for any size of venue and is prepared to travel from her base in the Midlands.

Karen can either perform 2 sets of vintage music or she can do one set of the vintage music and then a general covers set depending on the wishes of the booker.
