

The Heatwaves

- Big Beat Entertainment

The Heatwaves are one of the UK's leading female tribute shows.

Comprising three talented and experienced performers, **Claire, Becky and Jemma**. Each member has trained in the performing arts before finally coming together after many years of solo performing.

The Heatwaves will take you on a journey through some of your favourite Soul, Motown and Northern Soul hits. A show with a real sense of fun and the enjoyment of the performers shines through.

The show is suitable for all kinds of venues and events and is a great idea for a cabaret evening at your venue. The girls also do a tribute to the sounds of 70's Soul and Disco and Claire does a solo Motown show.
