

# Trish Dunn Comic Ventriloquist - Big Beat Entertainment

**Give your audiences a clean comedy show with a little twist!**

Trish is a Ventriloquist/Comedian with an established career in the United States. She performs two family friendly Ventriloquist Comedy shows which are 45 minutes in length. These would be ideal Holiday Parks, Cruises and River Cruises, corporate and private clients.

Though both shows are family friendly in that they are free of any offensive language and content, one show offers a more family friendly and universal feel appropriate for all ages with a mixture of children and adults. Whereas the second show, while still family friendly and free of any blue content or language, does gear the comedy toward a more adult audience. Each show is unique and includes audience participation bits which can include both children and adults to making the show special to every audience.

Trish has performed in Theatre(s), Comedy Clubs, River Cruises, Resorts, Casinos, Country Clubs, and Private Corporate Events all over the United States and has dual citizenship, US and UK.
