

Two Lucky Pluckers

- Big Beat Entertainment

Steve Gibbs & Ross Griggs are Two Lucky Pluckers, a versatile guitar/vocal duo.

Between them they have notched up over 80 years as performers working with some big names, so have the right to say they are experienced! Having played in a band together in the 70's when that split, they didn't have contact with each other until 2017. Over a couple of pints and a curry Two Lucky Pluckers was born.

They have an extensive and ever-growing repertoire which they are happy to tailor to the requirements of the event and your audience. They can play as an acoustic duo or as a duo with electric guitars as a regular duo. They can also provide a battery powered pa system ideal for outdoor events, where mains electricity can't be had.
